

EagleLight Dimmable LED Candelabra 3W Chandelier/Night Light replacement

EagleLight's dimmable LED candelabra light bulb offers great dimming range.

Color temperature is warm white, and fits into a standard US Candelabra base, technically know as a E12 base. It provides great lighting for such a small size. There are 4 bright LEDs enclosed in a frosted bulb. It is available with a normal rounded tip or a bent, flame tip to suit your preference. The LED Flame Bulb with bent tip is great for LED chandelier applications. These bulbs are great for accent, and mood lighting. Because of its shape this bulb is also known as the candle or torpedo light bulb. This LED bulb is ready to go, just plug it into your E12 or Candelabra lamp socket.
